The day's sport was brought to an end at about 6.10, many of the spectators having taken their departure some time previously.

SECOND DAY—TUESDAY, 31st OCTOBER. The weather on the second day was as possible more favourable than on the first; but the moon was again not so bright, and it was not so clear as on the first day.

There were again a good number of spectators on the banks, and in the grounds of Mr. Spencer's, and the members of the S.R.C. may congratulate themselves on having had altogether a very successful meeting. Much regret was expressed at the absence of a boat, but this was a defect not within the control of the committee.

Appendix is a return of the rowing:—

come, whilst the cost of working a short line would be greater, comparatively than of a longer one. The line began working, it may be remembered, on July 1st last year, commencing at August 26th, when it stopped, pending the Chinese negotiations, till the 9th December, from which date it has been at work till to-day. There have thus been twelve working months; the total earnings being over \$42,000. The monthly working expenses have been about \$3,500. As many as 150,000 passengers have been carried during the past nine months. Though the balance after payment of expenses is small, yet, considering all the circumstances—especially of working being a very important place—the result of the working must be considered as successful. It is only remains to repeat that the future of the line is unknown to any foreigners; indeed, even the Chinese authorities do not know anything of the intentions of the authorities in the matter. We believe the Chinese instructions are to assume charge of the line, stop the traffic, and report its fullness of this duty to Nanking. Meanwhile representations both from Consular and the agents have been made to the Chinese, who have been asked to allow the line to be continued, and to allow the Chinese to be employed for the purpose has already arrived.

On the 22nd inst. the railway was formally handed over to the Chinese authorities. About a dozen mandarin of various grades went in chairs to Wocung. They inspected the stations, engine sheds, stores, &c., and the kaysa (the Chinese name for the railway) and the kaysa men at various points. There was no ceremony; and in answer to inquiries, they stated that they did not know what was to be the fate of the line. At 8 o'clock this evening the Chinese of Chinese government—Shanghai Courier.

"Well, and how did you enjoy your dinner?" asked a passenger of another on a European steamer, the first day out. "Don't mention it," said the other, feelingly, "don't mention it." It is a good rule for the Chinese to be asked, "How is that?" "Why, it's apt to come up at any moment."

Truth is, the interest in the line is so great, that a Board of Directors of "Junior member" has been formed, and who have been asked to answer "David." "Examiner." "And who came after David?" "Answer." "Solomon." "Examiner." "And who came after Solomon?" "Sharp little girl." "Oh, please, sir, the Queen of Sheba."
